

This form is used by GW Graduate students to request consideration for Federal Work Study funding. To be eligible, students must:

- Complete the FAFSA;
- Demonstrate need of at least \$5,000;
- Be a student on the Foggy Bottom, Corcoran, or Mt. Vernon campus, or be matriculated into the Museum Studies or Art Therapy program.

Federal Work Study awards require employment in an official Work Study position, designated as such by the Office of Student Employment. Only students we notify via an updated award notification email are eligible to search for those jobs through the Handshake portal and apply. If you are offered funding, you must accept or decline the award on GWeb. If you accept, you can then print a Work Study Employment Authorization Form (EAF) to give to your employer.

Yes, please consider me for the Federal Work Study Program. I understand that my Federal Direct Graduate PLUS and/or private alternative loan may be decreased by up to \$5,000 if awarded these funds.

Student Signature: \_\_\_\_\_ Date: \_\_\_\_\_

submitted to our office.

The Office of Student Financial Assistance offers paperless options for the submission of forms, documents and other correspondence. These methods also serve to streamline the entry of forms into the student’s electronic file. You can submit documents through email (finaid\_docs@gwu.edu) or fax (202-994-0906). Please be sure to include the student’s name and GWid on all documents
