

Federal and institutional policies require that students maintain satisfactory academic progress (SAP) in order to remain eligible for student financial assistance at GW. There are both a qualitative and quantitative standard for satisfactory academic progress including, semester and cumulative grade point average, credit hour completion rate, and the maximum time frame allowable for completion of an academic program as a recipient of Federal student financial assistance. The specifics of the policy can be found on our website <https://financialaid.gwu.edu/satisfactory-academic-progress>. This appeal form should be used by students who have lost eligibility for financial assistance following a semester on Financial Aid Warning status to initiate a SAP Appeal to be placed on Financial Aid Probation and receive financial assistance for one semester. After a Financial Aid Probation, students must either meet SAP requirements or fund educational expenses without the use of financial assistance.

**Submit all required documentation with this form:**

- **Letter from the student** explaining the circumstances that led to the current academic status
- **Supporting documentation** from unrelated adults attesting to circumstances (see each reason for specifics)
- **Statement from the student** detailing the types of academic support the student will engage in (e.g. tutoring, checkpoints with professors and/or time management skill building)
